

## Cerner Certification List

### List of Kyocera's devices tested and certified

KDA | August 2022 | New Jersey

Select Kyocera MFPs and Printers have completed evaluation and are now part of the "Cerner Peripheral List" used by Cerner to counsel clients when purchasing printing devices. In order to become Cerner certified, printing devices must pass a series of rigorous evaluations while operating under Cerner's Millennium application environment – a single platform that allows health professionals to run tests, make diagnoses, place orders, fill medications, document patient-care proceedings or remit bills. Cerner has certified and pre-approved the following models:

**\*Bold models represent recent certifications**

ECOSYS Color Printers	ECOSYS B&W Printers	B&W MFPs	Color MFPs
